STRATUSGRID ProsperOps

RELUTECH XOsphere

Streamline Your AWS Journey with Our Complete Migration Solution

Tap into the hidden value of your existing infrastructure, swiftly migrate to the cloud, and optimize your AWS spending for peak efficiency.

Go Beyond Migration:

Don't just move your current cloud infrastructure – find hidden savings in your current datacenter and build a secure, future-proof cloud environment tailored to your specific needs.

Meet The Team:

StratusGrid

STRATUSGRID

StratusGrid is your trusted advisor throughout the migration. They assess your cloud readiness, optimize workloads, and ensure a seamless transition with minimal downtime.

Relutech

RELUTECH

Relutech turns your CAPEX into OPEX by purchasing and leasing back your on-premises data centers during the migration period, while also providing short term, long term, contract to hire, or other staffing support.

Xosphere

XOsphere

Xosphere is the world's only intelligent cloud orchestration company empowering enterprises to seamlessly move applications to the right place at the right time to reduce cloud expense and increase reliability.

ProsperOps

ProsperOps

ProsperOps analyzes your usage patterns and automatically implements strategies to maximize savings on your AWS compute and non-compute PaaS spend, optimizing commitment-based savings for optimal efficiency.

Stratusphere

SP STRATUSPHERE

A product by StratusGrid

Stratusphere helps you identify cost optimization opportunities and solves the visibility issues that large organizations experience with complex cloud infrastructure. Further helping you make informed decisions to reduce your cloud spending.

☑ Effortless Migration

- Focus on what you do best while our experts handle the heavy lifting, minimizing disruption to your business.

- Eliminate barriers to cloud adoption by removing blockers such as cost overrides, cumbersome CapEx Datacenters, lack of AWS personnel, lack of experience with AWS, internal disputes on the value of the cloud, as well as setting the stage for effortless migration with maximum financial risk mitigation.

☑ Cost Optimization

- Our team doesn't just migrate your data, we unlock hidden savings to help you minimize your cloud spending.

☑ Expert Guidance

- Benefit from the combined expertise of leading cloud migration specialists. We'll guide you through the entire process, ensuring a smooth and secure transition.

Our Streamlined Migration Process:

01 Pre-Assessment:

- **Relutech:**
  - Analyzes your software licenses, data center value, staffing needs, and helps you convert CAPEX to OPEX by purchasing and leasing back your datacenter.

02 Assessment

- **StratusGrid:**
  - Assesses your cloud readiness, identifies optimization opportunities, and analyzes your infrastructure for minimal upfront costs.
  - Works with you to understand your business goals, identify funding sources (Up to $60k), and develop a personalized migration plan.
  - Develops a plan for workload modernization, service templatization, mature operational capabilities, and custom solutions tailored to your needs.

03 Mobilization

- **Relutech:**
  - Manages hardware transition and fills skill gaps with temporary staffing.
- **StratusGrid:**
  - Integrates cost optimization tools, builds a solid foundation for your cloud environment, configures your environment, and guides you through pilot migrations to ensure a smooth transition to AWS.
  - Helps identify up to $400k in AWS Migration Acceleration Funding.

04 Migration

- **StratusGrid:**
  - Migrates and validates your workloads with minimal downtime and ensures scalability for future growth.
- **Relutech:**
  - Gracefully retires physical assets after an agreed-upon observation window.

05 Optimization

- **Xosphere:**
  - Intelligent cloud software that transforms unreliable Spot instances into robust resources, offering the same reliability as On-Demand and savings of up to 80%.
- **ProsperOps:**
  - Continuously monitors your AWS environment and automatically implements cost-saving strategies like rightsizing resources and leveraging Reserved Instances to maximize discounts.
- **StratusSphere:**
  - Provides visibility into your complex cloud environment and provides actionable insights for further cost optimization and continuous improvement.

Ready to Transform Your Business?

Let our team of experts guide you every step of the way. We'll transform your business with a cost-effective and efficient cloud migration strategy, maximizing your cloud potential.
